

RECENT ACTIVITIES – Examples & References

Research Support

Epidemiological and biostatistical evaluation of: Study design, Sample size calculation, Statistical analysis planning, Interpretation of results

Selected Publications

Frammartino B, Crocetti E, Buzzoni C, Cereda D, Russo AG.

Evaluation of the appropriateness of PSA test prescription as opportunistic screening for prostate cancer in a metropolitan area of Northern Italy: Data from the Agency for Health Protection of the Metropolitan Area of Milan.

Epidemiol Prev. 2025;49(5–6):415–423.

Crocetti E et al.

The burden of prostate cancer and metastatic prostate cancer in Italy in 2024.

Eur J Cancer Prev. 2025;34(5):387–391.

Professional roles

Member (Biostatistician), Pediatric Ethics Committee – Tuscany Region

Further references available from:

Dr. Fabio Falcini – Romagna Cancer Registry, IRST IRCCS

Dr. A.G. Russo – ATS Metropolitan City of Milan

Population-Based Cancer Registries

Expertise in: Implementation of cancer registries, Process evaluation, Data quality assessment, Reporting and scientific study proposals

Selected Publications

Buzzoni C et al.; AIRTUM Working Group. Quality of data from cancer registries in Italy: An appraisal. Cancer Epidemiol. 2025;97:102829.

Crocetti E et al.; EUROCORE-6 Working Group. Skin melanoma survival is improving in Europe but regional differences persist: Results of the EUROCORE-6 study. Eur J Cancer. 2025;231:116061.

Scientific roles

Member, Scientific Committee – AIRTUM

Further references:

Prof. Fabrizio Stracci – President, AIRTUM

Cancer Screening Evaluation

Roobol MJ et al.; ERSPC Investigators. European Study of Prostate Cancer Screening – 23-Year Follow-up. N Engl J Med. 2025;393:1669–1680.

Frammartino B et al. Evaluation of the appropriateness of PSA test prescription...
Epidemiol Prev. 2025.

Secondary Data Analysis

Crocetti E et al. Estimates of the burden of skin melanoma in Italy: update to 2024. Ital J Dermatol Venerol. 2025;160(1):1–6.

Evaluation of Environmental Exposures

Health profile of residents in the Ornamental Nursery Rural District compared with other municipalities in the Province of Pistoia and Tuscany (Updated 11/02/2026).

Contact: Dr. Miriam Levi – ASL Toscana Centro

InVETTA Project (Biomonitoring and Epidemiological Evaluation for Health Protection in the Amiata Area)

Contact: Dr. Fabio Voller – ARS Toscana

Burden of Disease at Population Level

Crocetti E et al. The burden of prostate cancer in Italy in 2024.

Crocetti E et al. Estimates of the burden of skin melanoma in Italy: update to 2024.
